Motivated Computing Undergraduate at the University of Greenwich with hands-on experience in web development, relational database systems, and object-oriented Python design. Eager to bring strong problem-solving skills, reliability, and technical project experience to a Software Engineering, AI concepts, and interactive media/game scripting. Eager to bring strong problem-solving skills and technical versatility to a placement or internship role.

Skills

- **Programming & Web:** Python, JavaScript, HTML5, CSS3, SQL
- **Databases & Backend:** MySQL, MariaDB, phpMyAdmin, Git, GitHub
- **Tools & Creative Scripting:** VS Code, PyCharm, Roblox Studio (Lua Scripting), UI/UX Design
- **Core Interests:** Artificial Intelligence concepts, Extended/Object-Oriented Programming, Game Development

Projects

Python Jukebox GUI Application | *Object-Oriented Programming (Python, Tkinter)*

- Developed a desktop GUI jukebox program allowing users to manage track libraries, build custom playlists, and update song ratings dynamically.
- Implemented robust input validation and error handling to prevent runtime exceptions.

Student Accommodation Management System | *Systems Development (MySQL, SQL)*

- Designed relational database schemas modeling student profiles, room allocations, amenities, and payment transaction ledgers.
- Authored complete SQL database dumps, ERDs, and normalization reports.

Personal Web Portfolio | *Web Programming (HTML5, CSS3, JavaScript)*

- Created and deployed a responsive multi-page personal website showcasing academic projects and professional background.

Experience

- **Receptionist** | *Skin London* (10/2023 – 04/2024)
    - Managed client bookings and handled digital enquiries professionally in a fast-paced setting.
    - Built positive client relationships and maintained high communication standards.

- **Customer Service Associate** | *Wilko Rugby* (07/2023 – 09/2023)
    - Supported floor management, restocking, and visual display organization.
    - Worked effectively under pressure during high-volume trading hours.

Education

- **BSc (Hons) Computing** | *University of Greenwich* (2025 – Present)
    - *Relevant Modules:* Systems Development, Web Programming, Object-Oriented Programming, Computer Systems & Networks, with upcoming coursework focusing on advanced and extended programming.
- **UAL Level 3 Extended Diploma in Fashion & Clothing** | *Warwickshire College* (2023 – 2024)
- *GCSEs (A–C including Maths & English)** | *Harris Church of England Academy* (2023)
